HACK DAYS

by Atria Summer of Code

Powered by  MAJOR LEAGUE HACKING

- > 8-HOUR SPRINT
- > HACKING + WORKSHOPS
- > SESSIONS + QUIZZES

A collaboration between AWS Student Builder Group at Atria Institute of Technology and OSCode Atria Chapter

LOCATION: Atria Institute of Technology, Bengaluru

THE SPRINT

// WHAT IS HACK DAYS?

Hack Days by Atria Summer of Code is an electrifying 8-hour sprint designed to push the boundaries of student innovation. Moving beyond traditional syntax-matching challenges, we focus on hands-on, logic-based building, spatial intelligence, and cloud automation. This event seamlessly weaves together uninterrupted hacking sessions, hands-on workshops, expert technical talks, and high-stakes quizzes.

TECH WORKSHOPS

WHY SPONSOR US?

- **Talent-First Access:** Connect directly with emerging tech talent specializing in full-stack dev, cloud computing, and AI-vision.
- **Brand Visibility:** Feature your tools and platforms during dedicated workshops and API prize tracks.
- **Community Integration:** Build meaningful relationships with active student builder communities on campus.

PARTNER TIERS

We offer scalable sponsorship packages to help you achieve your brand and recruitment goals. Whether you're sponsoring our prize pool, providing essential fuel (food!), or offering exclusive swags and merch, there is a tier for you.
